BULL'S WORM DESTROYER.

To my United States and World-Wide Readers.

Headers.

I IIAVE received many testimonials from professional and medical men, as my almanaes and various publications have shown, all of which are genuine. The following, from a highly educated a popular physician in design, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and blue testimony deserves to be written in letters of gold. Hear what the Doctor says of Bull's Worm Destroyer:

Worm Destroyer:

VILLANOW, WALKER COUNTY, GA., 2

June 29, 1866.

Dr. John Bull—Deer Sie: I have recently
given your Worm Destroyer several trials, and
find it wouderfully efficacious. It has not
failed in a single instance to have the wished
for effect. I am doing a pretty large country
practice, and have daily use for some article
of the kind. I am free to confess that I has wo
of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary, they are uncertain is
the extreme. My object in writing you, is te
find out upon what terms I can get the medicine directly from you. If I can get it en
easy terms, I shall use a great deal of it. I
am aware that the use of such articles is contrary to the teachings and practice of a great trary to the teachings and practice of a great majority of the regular line of M. D.'s, but I see no just cause or good sense in discardin a remedy which we know to be efficient, also a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to commandant hesitating because some one more ingestives than myself may have learned its effects first, and secured the sole right to use then knowledge. However, I am by no means as advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human fish is heir. BULL'8 SARSAPARILLA.

Read the Captain's Letter, and the Letter rom his Mother:

from his Mother:

Benton Barracks, Mo., April 30, 1865.

Dr. John Bull—Dear Sir: Knowing the flicacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case:

I was wounded about two years ago—was taken prisoner, and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am about through the bips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than is anything cles. I aish that that is genuiue. Please express me half a dozen bottles, and oblige.

P. S.—The following was written April 36, 1865, by Mrs. Jennie Johnson, mother of Capt.

Johnson:

Dr. John Bull—Dear Sir: My husband, Dr. C. S. Johnson, was a skillful surgeon and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age, he had a chronic diarrhosa and scrofula, for which I gave your Sarsaparilla. It carred him. I have for ten years recommended it to many in New York, Ohio, and lows, for scrofula, faver sores, and general debility. Perfect nuccess has attended it. The curse effected in some cases of scrofula and fener sores were almost mirroralous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover.
